Practice Overview

Described by Chambers UK as *"an amazing court room presence"* and *"a fantastic leader"*, Bob is very well known as a commanding advocate in the heaviest commercial, industrial and insurance cases.

With over 25 years' experience as a successful silk, Bob has the depth of experience and strong personality needed to deal effectively with difficult cases, often involving intricate facts coupled with novel points of law.

Known as *"a ferocious cross-examiner"* and *"a real fighter"* (Legal 500) Bob is a popular choice with insurers and others faced with major conflicts of evidence, or the need to mount the determined pursuit of allegations of malpractice or dishonesty. In all his work, an amiable and relaxed manner belies a capacity for meticulous application to the detail of complex cases, coupled with a lively and vigorous forensic style.

The list of Bob's more recent reported cases, many of them decisions from the Court of Appeal, attest to the depth and width of his experience, and to the success which he enjoys as a top-rated Queen's Counsel.

Insurance & Reinsurance

Described by Chambers UK as *"a warhorse of the insurance Bar"* and *"a popular choice for the meatiest insurance and reinsurance cases"*, Bob Moxon Browne is very experienced in all areas of insurance law and practice, including subrogated recoveries involving fires, flooding and other catastrophic events, the role of insurance brokers (including at Lloyd's), policy construction questions and repudiation for breach of warranty and fraud. He retains a special interest in life and health insurance issues, and is often counsel of choice for the insurers and reinsurers interested in these risks.

BOB MOXON BROWNE QC

Professional Negligence

A joint head of the professional negligence group at 2TG, Bob has for many years been recognised as a leader at the Bar in this area by the Legal 500 and Chambers UK, who acknowledge him as “*a fantastic leader*” and an “*impressive Silk*” in this specialism. He is often instructed in cases involving allocation of responsibility within multi-disciplinary professional teams or where professional negligence is alleged to have deprived the claimant of a commercial chance. Described by Chambers UK as “*excellent on coverage issues*”, Bob has long experience of professional indemnity policies and their proper construction. He regularly advises insurers on policy response issues especially in the case of solicitors facing claims arising out of allegations of dishonest conduct, and has extensive experience of arbitrating coverage issues, both as an advocate and as an arbitrator.

Property Damage

Recognised by Chambers UK as a widely respected property damage silk who is incredibly experienced in this practice area, Chambers UK also say Bob is “*very approachable, knowledgeable and practical*”. He has extensive experience of fire, flood and subsidence cases and has a special interest in causation questions arising from the failure of fire and flood protection devices. He was leading counsel in *BMG v Galliford Try Construction*, *Sainsbury’s v Broadway Malyon*, *Sahib Foods v PKS*, and the ING warehouse fire litigation, all concerned with the legal consequences of the failure of fire protection devices to contain the spread of fire.

Life & Health Insurance

Noted by Chambers UK as the frequent choice of reinsurers in life insurance disputes, Bob is an acknowledged expert on issues such as non-disclosure, ante-selection, fraud, forfeiture following death caused by the insured’s criminal act, death by suicide, and issues involving joint policies and trusts of policy proceeds. He has extensive experience of the jurisdiction of the Financial Ombudsman in this area, and is a frequent speaker on topics of current interest to the insurers and reinsurers of these risks. In 2017 Bob was successful in mounting a rare challenge to the jurisdiction of the Financial Ombudsman Service in a ground breaking life insurance case.

BOB MOXON BROWNE QC

Commercial Dispute Resolution

Bob's special areas of expertise are in banking and bank lending, property valuation and investment, mortgages and mortgage fraud and the roles played by accountants and auditors in valuing corporate assets in the context of loans, mergers and acquisitions and he has been involved in numerous Court of Appeal cases in these areas.

As leading counsel for the successful respondents in *Allied Maples v Simmons & Simmons* (1995) 1 WLR 1602, Bob is an acknowledged expert on the application of "loss of a chance" doctrines to commercial situations.
